

Merry Christmas and a Happy New Year!

Dear Colleagues,

For JOLA and the SOLA a rather unspectacular year has passed – as the old saying goes: “no news is good news!”

We’ve lived through a quiet period, no political disturbances, no big events, just the normal course of life.

This has given us the chance to think about some improvements in our Journal as well as in the operations of the International Society of Oral Laser Applications. Next year, we will celebrate our 10th anniversary and you will be surprised at how young, renewed and innovative you will experience SOLA then.

So share with us a reflective, restful, and cheerful Christmastime, to start with new power into 2009!

Yours
DDr. Franziska Beer
